Whether starting a small group ministry or managing existing groups, the Small Group Help Guides are ideal for any leader who is looking for practical tips to lead a small group. The Small Group Help Guide series provides leaders with training that is interesting, innovative, and makes good use of limited time.

An easy-to-read, unintimidating approach to the intimidating aspects of leadership, "I'm in a Leadership Role, Now What?" is the navigational guide that can turn any leadership opportunity into a platform for continued success.

Discovering and embracing one's identity has proven to be a long, lonely, rough, and at times, dangerous road for today's teenagers. It's likely you've chosen this study to use with your youth group because you care deeply and want the teenagers within your sphere of influence to find the answers to their identity questions in Jesus Christ. The I Am study is not a quick fix for your teenagers' needs. It is a handcrafted tool that, when used by compassionate, caring, and committed adults, will ignite their imagination and excitement for whom their Creator says they are and the purpose for which they were designed. I Am will likely raise more questions than it answers, and that's intentional. Don't feel the need to make sure all the loose ends are tied up at the conclusion of your youth gathering. Allow your teens the opportunity to leave with ideas and truths on which to reflect and wrestle as they use the daily devotionals provided in the Groove: I Am Student Journal. The Groove Bible study series invites teens to learn the essentials of their faith, own their story, and engage the world in serving Jesus. Each topical study consists of four weekly sessions that are easy to lead and relate to life issues teens face. With up to 48 weeks available, Groove is great for Sunday and mid-week gatherings for both large and

small groups as well as retreats. The leader guide contains everything needed to lead teens through a Groove study, including teaching outlines, leader notes, Bible background, reflections, and parent communication.

A radical new management model for twenty-first century leaders Organizations today face a crisis. The crisis is of long standing and its signs are widespread. Most proposals for improving management address one element of the crisis at the expense of the others. The principles described by award-winning author Stephen Denning simultaneously inspire high productivity, continuous innovation, deep job satisfaction and client delight. Denning puts forward a fundamentally different approach to management, with seven interlocking principles of continuous innovation: focusing the entire organization on delighting clients; working in self-organizing teams; operating in client-driven iterations; delivering value to clients with each iteration; fostering radical transparency; nurturing continuous self-improvement and communicating interactively. In sum, the principles comprise a new mental model of management. Author outlines the basic seven principles of continuous innovation The book describes more than seventy supporting practices Denning offers a rethinking of management from first principles This book is written by the author of *The Secret Language of Leadership*—a Financial Times Selection in Best Books of 2007.

In this frank guide to launching, building, and advancing your academic career, Hass addresses a wide range of topics, including; deciding whether academic leadership is for you; developing a personal leadership style; becoming comfortable with power, ambition, and personal voice; navigating patriarchal assumptions; finding joy in leadership work; gaining experience with budget management, revenue generation, personnel management, and fund-raising—no matter your current job title; effectively managing conflict; aligning personal and career values and goals; winning your next job; and much more Women at any stage of their academic leadership career will find this guide insightful, useful, and empowering, as will anyone interested in supporting women leaders and diversifying leadership in higher education.

Transforming our organizations to compete and thrive in today's digital age requires a combination of "old world thinking" of quality and differentiation and "new world thinking" of meeting your market where it wants to be. But making your organization "digital" is a lot more than creating a compelling mobile app and moving to the cloud. To thrive in the new marketplace, you must think and act differently. In this leader's guide to digital transformation, you'll get practical, actionable information on building an employee and customer-obsessed culture that drives speed and efficiency while leveraging technology to sell better products and services. The guide will teach you how to: understand, articulate, and analyze the value

you offer customers; get development and operations to work better together; persuade employees to do things differently; and solve problems in new and creative ways. Whether you work for a small, medium-sized, or large organization, you'll get meaningful guidance on overcoming obstacles that thwart success by learning from others.

How are marriages in your church? If they're following the national pattern, almost half are bound to end in divorce. Help couples in your faith community beat the odds. For Christian Lovers Only is a Bible-based program that helps African-American couples develop greater skills in communication, problem resolution and intimacy, leading to strong, healthy and lasting relationships. Lessons incorporate goals and home activities, video and Scripture to empower couples to discover and live within God's plan for their marriage. Topics include finance, closeness vs. independence, friends, communication, balancing work and leisure, and dealing with extended family. The Leader's Kit includes a DVD, Leader's Guide, Participant's Workbook and Resource CD.

Imagine Jesus from Mary's point of view—proud of her son, in awe of his gifts and mission, guided by love for him as a person and so much more. In this book, Adam Hamilton begins at the end, with Mary at the crucifixion and resurrection; travels back in time as she witnesses his life and ministry; and ends at the beginning, with the Christ child born in a stable, Mary's beautiful baby. This year, experience Advent and Christmas with Mary. Contains everything needed to conduct a five-session study geared to youth, including current examples that have meaning to young people ages 13-18. In addition to leader helps, the Youth Study Book is included with this guide, so leaders can follow along as group members read and study. Can be used with the adult-level DVD.

This guide cultivates a school culture where the principal is positioned as the literacy leader. It will support principals to define, and create a literacy culture, as well as provide insight to support principals in their quest to becoming primary individual responsible for bringing joy to teaching and learning as part of building school culture.

You may not hold a position of leadership or think of yourself as a leader. But if you want to create, change, or impact the world around you—even in a modest way—then you're guided by a leader's impulse and shaped by a leader's principles. You are an aspiring leader. But the fact is that you've come to this role at a time when leadership—like everything else—is rapidly changing...and too many leaders are addressing the problems of today and tomorrow with the style and substance of yesterday's leadership. We need an update. In *The Aspiring Leader's Guide to the Future*, Clay Scroggins (author of *How to Lead When You're Not in Charge*) explores nine new principles of leadership that will help leaders adapt to a changing world and work

Where To Download A Leaders Guide To Im Like You Youre Like Me

culture, such as: Today's leaders lean into vulnerability. Today's leaders develop relationships primarily around trust. Today's leaders celebrate the successes of others. These may seem like counter-intuitive principles, but they provide a new way forward for leaders and teams and will prove versatile in the event of change and durable in the face of conflict. With humor and a pastor's candor, Clay will show you why the old ways need updating and what developing new leadership skills could look like for your future. To be clear, the author of this book does not know the future. If he did, he would have used his talents on sports betting or stock trading. What he does know is that yesterday's leadership axioms are today's myths and what that means. The way forward requires an understanding of the past, a conviction of what's at stake today, and a vision for how different tomorrow will be. You don't have to be a young entrepreneur with big dreams or someone looking to land a leadership role just to be considered an aspiring leader. You are one now. And by developing your skills for the future, you can become today's version of a leader worth following.
