Be Quick, But Don't Hurry presents the team-building management secrets of the greatest coach of the twentieth century, cloaked in the heartwarming tale of the reluctant protege who learned those secrets in spite of himself. Perhaps the least controversial sports honor in living memory was the selection of John Wooden as "Coach of the Century" by ESPN, honoring his ten NCAA basketball championships in a twelve-year stretch. His UCLA teams won with great centers and with small lineups, with superstars and with team effort, always with quickness, always with class. Wooden was a teacher first and foremost, and his lessons -- taught on the basketball court, but applicable throughout one's life -- are summarized in his famed Pyramid of Success. Andrew Hill was one of the lucky young men who got to learn from Wooden in his favored classroom -- though that is hardly how Hill would have described it at the time. Hill was left embittered by his experience at UCLA; he was upset at how unequally Wooden treated his starting players and his substitutes. Hill went on to a successful career in television, rising to the presidency of CBS Productions, where he was responsible for the success of such popular series as *Touched by an Angel* and *Dr. Quinn, Medicine Woman*. Hill's job required him to manage many creative people, with the egos and insecurities that usually go along with such talents. And one day, some twenty-five years after he graduated, he was hit with the realization that everything he knew about getting the best out of people he had learned directly from Coach John Wooden. With no small trepidation, Hill picked up the phone to call and thank his old coach and unexpected mentor. To his surprise, Wooden greeted him warmly and enthusiastically. A strong friendship, sealed in frequent visits and conversations, ensued, and endures. *Be Quick -- But Don't Hurry!* tells the story of that friendship. It's been said that time kills deals, but unfortunately that trite phrase too often sends salespeople into a nervous tailspin of activity. Time can also deliver and save deals. The key, of course, is the wise use of time. That's where the concept of the Slow Sale comes into play. Customer communication that wins sales and builds relationships is more about context than speed. The Slow Sale does not promote slowness for its own sake. It's not about turning off lead generation and allowing imminent deals to grind to a halt. No, it's about permission. What is the rhythm that drives the Slow Sale? Smart effort. Bold action. Patient waiting. Get off the hamster wheel, slow down, and think. By selling slowly, you'll win happier customers and bigger commission checks.

ECPA BESTSELLER • A compelling emotional and spiritual case against hurry and in favor of a slower, simpler way of life “As someone all too familiar with ‘hurry sickness,’ I desperately needed this book.”—Scott Harrison, New York Times best-selling author of Thirst “Who am I becoming?” That was the question nagging pastor and author John Mark Comer. Hurry is the great enemy of the spiritual life.” It wasn’t the response he expected, but it was—and continues to be—the answer he needs. Too often we treat the symptoms of toxicity in our modern world instead of trying to pinpoint the cause. A growing number of voices are pointing at hurry, or busyness, as a root of much evil. Within the pages of this book, you’ll find a fascinating roadmap to staying emotionally healthy and spiritually alive in the chaos of the modern world.

Former NBA star and Presidential Medal of Freedom recipient Kareem Abdul-Jabbar explores his 50-year friendship with Coach John Wooden, one of the most enduring and meaningful relationships in sports history. When future NBA legend Kareem Abdul-Jabbar was still an 18-year-old high school basketball prospect from New York City named Lew Alcindor, he accepted a scholarship from UCLA largely on the strength of Coach John Wooden's reputation as a winner. It turned out to be the right choice, as Alcindor and his teammates won an unprecedented three NCAA championship titles. But it also marked the beginning of one of the most extraordinary and enduring friendships in the history of sports. In *Coach Wooden and Me*, Abdul-Jabbar reveals the inspirational story of how his bond with John Wooden evolved from a history-making coach-player mentorship into a deep and genuine

friendship that transcended sports, shaped the course of both men's lives, and lasted for half a century. Coach Wooden and Me is a stirring tribute to the subtle but profound influence that Wooden had on Kareem as a player, and then as a person, as they began to share their cultural, religious, and family values while facing some of life's biggest obstacles. From his first day of practice, when the players were taught the importance of putting on their athletic socks properly; to gradually absorbing the sublime wisdom of Coach Wooden's now famous "Pyramid of Success"; to learning to cope with the ugly racism that confronted black athletes during the turbulent Civil Rights era as well as losing loved ones, Abdul-Jabbar fondly recalls how Coach Wooden's fatherly guidance not only paved the way for his unmatched professional success but also made possible a lifetime of personal fulfillment. Full of intimate, never-before-published details and delivered with the warmth and erudition of a grateful student who has learned his lessons well, Coach Wooden and Me is at once a celebration of the unique philosophical outlook of college basketball's most storied coach and a moving testament to the all-conquering power of friendship.
