Script Analysis specifically for Actors, Directors, and Designers; the only book on this subject that covers the growing area of unconventional plays.

In 1959, Russ and Bev are selling their desirable two-bed for a knock-down price, enabling the first black family to move into the neighbourhood and alarming the cosy white urbanites of Clybourne Park, Chicago. In 2009 the same property is being bought by Lindsey and Steve, a young white couple, whose plan to raze the house and start again is met with a similar response. As the arguments rage and tensions rise, ghosts and racial resentments are once more uncovered.

Script Analysis for Actors, Directors, and Designers teaches the skills of script analysis using a formalist approach that examines the written part of a play to gauge how the play should be performed and designed. Treatments of both classic and unconventional plays are combined with clear examples, end-of-chapter questions, and stimulating summaries that will allow actors, directors and designers to immediately incorporate the concepts and processes into their theatre production work. Now thoroughly revised, the fifth edition contains a new section on postmodernism and postdramatic methods of script analysis, along with additional material for designers.

Set in 1950s Chicago, 'A Raisin in the Sun' is the classic play about a black family's struggle for equality. The play was originally published in the USA in 1959 but has since become a standard text in American schools.

In this brief but staggering two-act, playwright Norris demonstrates his skill at drawing out the dark truth that lurks beneath the surface of the " perfect " family. His crackling satire takes dead aim at the self-satisfied, left-leaning American upper-middle class and its many self-delusions. On a winter afternoon, Kelly and Clay—an attractive, prosperous, seemingly happy couple with a four-year-old daughter and a newborn baby—must explain to a visitor the events of the previous Thanksgiving, on which, so it seems, someone or something had been gnawing at the avocados on their kitchen table. In the course of this holiday gathering—attended by Clay ' s mother, a well-meaning but clueless first-grade teacher who spouts pointless liberal bromides; his brother, a plastic surgeon with a nihilistic streak and a taste for martinis; and his brother's girlfriend, a sexy Balkan immigrant with a love for all things American (racism included)—the recent past is unearthed along with revelations of failed marriages, fraternal hatred, infidelity and venereal disease, in the form of their daughter ' s nasty genital infection. And it ' s a comedy. As the story is gradually unfolded to their visitor, a Muslim cab driver, his relationship to the events becomes increasingly clear, as does the emptiness of the family ' s supposed benevolence and sensitivity. With its crashing emotion and cutting humor, this vicious dissection of the comfortable progressive life lays bare the lies that people use to feel righteous even as they veer off a genuinely ethical path.

The third volume of the collected papers of the ICLA congress "The Many Languages of Comparative Literature" includes contributions that focus on the interplay between concepts of nation, national languages, and individual as well as collective identities. Because all literary communication happens within different kinds of power structures - linguistic, economic, political -, it often results in fascinating forms of hybridity. In the first of four thematic chapters, the papers investigate some of the ways in which discourses can establish modes of thinking, or how discourses are in turn controlled by active linguistic interventions, whether in the context of the patriarchy, war, colonialism, or political factions. The second thematic block is predominantly concerned with hybridity as an aspect of modern cultural identity, and the cultural and linguistic dimensions of domestic life and in society at large. Closely related, a third series of papers focuses on writers and texts analysed from the vantage points of exile and exophony, as well as theoretical contributions to issues of terminology and what it means to talk about transcultural phenomena. Finally, a group of papers sheds light on more overtly violent power structures, mechanisms of exclusion, Totalitarianism, torture, and censorship, but also resistance to these forms of oppression. In addition to these chapters, the volume also collects a number of thematically related group sections from the ICLA congress, preserving their original context.

THE STORY: As in its later and substantially re-written version (entitled ORPHEUS DESCENDING), the play deals with the arrival of a virile young drifter, Val Xavier, in a sleepy, small town in rural Mississippi. He takes a job in the dry goods stor

Abandoned as an infant, Jim Trewitt finds little affection for anyone or anything, except his own self-advancement. After a chance encounter with Adam Smith, Jim decides to put his faith in the free market, becoming America ' s first laissez-faire capitalist. Soon his path to riches becomes entangled with that of an educated slave, who knows from experience that one person ' s profit is another ' s loss. From Tony- and Pulitzer Prize-winning playwright Bruce Norris comes an epic parable about the cost of inequality.
