Environmental Diplomacy argues for "nearly self-enforcing" agreements that ensure compliance without threatening sovereignty and maintains that new institutional arrangements are within reach. Susskind builds on the work of the Program on Negotiation at the Harvard Law School and the International Environmental Negotiation Network to offer guidelines for more effective global agreements that provide for sustainable development.

[Environmental Diplomacy: Negotiating More Effective Global...](#)

Environmental Diplomacy gives us a perceptive and personal analysis of the successes and weaknesses of past international negotiations affecting the environment. Drawing from that, Susskind offers many provocative ideas for new approaches to institutions and procedures that can better advance the essential goal of protecting the common heritage of all nations and peoples.*
