## *Ethics and Values in Applied Social Research: Kimmel ...*

Ethics matters because (1) it is part of how many groups define themselves and thus part of the identity of their individual members, (2) other-regarding values in most ethical systems both reflect and foster close human relationships and mutual respect and trust, and (3) it could be “rational” for a self-interested person to be moral, because his or her self-interest is arguably best served in the long run by reciprocating the moral behaviour of others.

## File Type PDF Ethics And Values In Applied Social

Ethnography is a way of studying peoples' behaviour – language, culture, values, meanings and social organization – in everyday, natural settings rather than in formal research settings. It is best understood as a 'style' of research requiring the observation and description of people in their normal social context.
