Fallen Leaves is a compendium of thoughts from a lifetime of scholarship and reflection on the history of mankind. Simply put, Durant's prose is dazzling, and though some of his ideas now feel painfully dated (e.g. his comments on the roots of beauty in heterosexual love, and the rather parochial treatment of the role of females in society), the large majority are poignant, nuanced, and pithy.

A concise survey of the culture and civilization of mankind. The Lessons of History is the result of a lifetime of research from Pulitzer Prize-winning historians Will and Ariel Durant. With their accessible compendium of philosophy and social progress, the Durants take us on a journey through history, exploring the possibilities and limitations of humanity over time. Juxtaposing the great lives, ideas, and accomplishments with cycles of war and conquest, the Durants reveal the towering themes of history and give meaning to our own.

In the Fall of 1930 Will Durant found himself outside his home in Lake Hill, New York, raking leaves. He was approached by a well-dressed man who told him in a quiet tone that he was going to kill himself unless the philosopher could give him a valid reason not to. Not having the time to wax philosophic on the matter, Durant did his best to furnish the man with reasons to continue his existence. Haunted by the encounter with the despondent stranger, Durant contacted 100 luminaries in the arts, politics, religion and sciences, challenging them to respond not only to the fundamental question of life's meaning (in the abstract) but also to relate how they each (in the particular) found meaning, purpose and fulfillment in their own lives. Durant turned their answers and his own into a book entitled "On The Meaning Of Life," which was released to the general public in 1932. Unpromoted, the lite treasure found its way into few hands, and almost no copies of the book exist today. Now available for a new generation through Prometheus Press, "On The Meaning Of Life" is a powerful book on a very powerful topic. In this book Will Durant has fashioned an unprecedented "dream team" of luminaries that is both profound and diverse; poets, philosophers, saints, inmates, athletes, Nobel Prize winners, college professors, psychologists, entertainers, musicians, authors and leaders. Within their varied insights, despite their uniqueness as individuals and the very different lives they led, the reader will note a consistent thread running through their viewpoints, revealing a commonality among human beings who not only seek meaning in life, but who actually achieve it.
