Industrial Relations in Canada provides students with an insightful look into the relationships between labour, management, and government agencies. By balancing theory and research with practical, real world examples, students learn about the complex and dynamic world of industrial relations. The authors bring

Download Free Industrial Relations In Canada 2nd Edition

a wealth of experience, having worked both with unions and management, and they bring this unique blend to their approach to the subject matter. Part of the Nelson Education Series in Human Resources Management, this is a reliable and valuable resource for students learning about industrial relations today.

Earlier editions of this text have become the standard reference for a worldwide readership of practitioners in governments, companies and unions, and students. This revised edition analyzes employment relations in the UK, USA, Canada, Australia, Italy, France, Germany, Sweden, Japan and Korea.

Breaking new ground and drawing on contributions from the leading academics in the field, this notable volume focuses specifically on industrial relations. Informative and revealing, the text provides an overview of the industrial relations systems of nine regions (North America, South America, Western Europe, Eastern Europe, the Middle East, Australia and New Zealand, Asia, Africa, and India) and is divided into two distinct sections covering: regional variations in global industrial relations systems contemporary themes in global industrial relations. Combining both systems and thematic issues, this important new text is invaluable reading for postgraduates and professionals in the fields of human resources management, industrial relations and business and management as well as anyone studying or interested in the issues surrounding global industrial relations.

Fiona McQuarrie's Industrial Relations in Canada received wide praise for helping students to understand the complex and sometimes controversial field of Industrial Relations, by using just the right blend of practice, process, and theory. The text engages business students with diverse backgrounds and teaches them how an understanding of this field will help them become better managers. The fourth edition retains this student friendly, easy-to-read approach, praised by both students and instructors across the country. The goal of the fourth edition was to enhance and refine this approach while updating the latest research findings and developments in the field.

The New Practical Guide to Canadian Political Economy is a handy reference to the vast range of research

Download Free Industrial Relations In Canada 2nd Edition

and writing that political economists in Canada have completed to the date of publication. The book is divided into twenty-five subject bibliographies, each one compiled and introduced by an expert in the field. The overall range of subjects includes economic development in Canada, Canada's external economic relations, regional disparities and regional development, social and economic classes, women, Native peoples, politics and the Canadian state, nationalism, culture and political thought. The book is indexed by author, and includes a helpful shortlist of the "staples" in Canadian political economy. Published in 1985, The New Practical Guide to Canadian Political Economy remains a useful reference to some of the classic literature of the discipline.

Examines the history, contemporary practice, and policy issues of non-union employee representation in the USA and Canada. The text encompasses many organizational devices that are organized for the purposes of representing employees on a range of production, quality, and employment issues.
