Getting Linux the Way You Want It

Without Getting Annoyed in the

Process. Sebastopol, CA--There

are some statements we can't quite believe: "We're from the

government, we're here to help" or

"The check is in the mail." In IT

there are a few too: "We're going to finish the software on time."

"We found the last of the bugs."

Getting The Most Flexible System In The World Just The Way You Want It by Michael Jang.

Linux Annoyances for Geeks by Jang, Michael (ebook)
Book Description. GNU/Linux is an immensely popular operating system that is both extremely stable and reliable. But it can also induce minor headaches at the most inopportune times, if you're not fully up to speed with its capabilities. A unique approach to running and administering Linux systems, Linux Annoyances for Geeks addresses the many poorly documented and under-appreciated topics that make the difference between a system you struggle with and a system you really enjoy.
