Returning to the steamy backwater of Costaguana in South America, Charles Gould is determined to make a success of the silver mine he inherited. However, his dreams of wealth and power are thwarted when the country is plunged into revolution.

Nostromo est le chef-d'œuvre de Conrad. Ce roman de cinq cents pages raconte l'histoire d'une république d'Amérique latine avec ses coups d'Etat, ses guerres civiles, ses luttes pour la démocratie, ses intellectuels libéraux, ses aventuriers, ses traîtres et, derrière tout cela, l'impérialisme américain. Des aventures incessantes révèlent les caractères déchirés entre le bien et le mal, hantés par l'angoisse et le sentiment de culpabilité. Les luttes se déroulent, comme toujours chez Conrad, dans des décors d'une

grande force poétique où un bref symbole suffit à évoquer la profondeur des significations. Le titre désigne le héros principal, " notre homme ", l'éternel homme de main de tous les mauvais coups qui, sous l'attrait de l'argent, passe de l'honneur à la mort. Ce qui frappera, c'est la multiplicité des leçons que l'on peut tirer du livre, selon que l'on s'intéresse à la psychologie, à la poésie, à la philosophie, à la politique.

Nostromo is the only man capable of the decisive action needed to save the silver of the San Tome mine and secure independence for Sulaco. Is his integrity as unassailable as everyone believes, or will his ideals, like those which have inspired the struggling state itself, buckle under economic and political pressures?

Selected by the Modern Library as two of the 100 best novels of all time Nostromo

Originally published in 1904, Nostromo is considered by many to be Conrad's supreme achievement. Set in the imaginary South American republic of Costaguana, the novel reveals the effects of unbridled greed and imperialist interests on many different lives. Although each character's potential for good is ultimately corrupted, Nostromo underscores Conrad's belief in fidelity, moral discipline, and the need for human communion. The author himself described the

book as 'an intense creative effort on what I suppose will remain my largest canvas.'

'Conrad endeavored to create a great, massive, multiphase symbol that would render his total vision of the world, his sense of individual destiny, his sense of man's place in nature, his sense of history and society,' observed Robert Penn Warren. 'Nostromo is the most strikingly modern of Conrad's novels,' said V. S. Pritchett. 'It is pervaded by a profound, even morbid sense of insecurity which is the very spirit of our age.' This volume is the companion to the acclaimed multipart series aired on Masterpiece Theatre. Lord Jim Lord Jim is a classic story of one man's tragic failure and eventual redemption, told under the circumstances of high adventure at the margins of the known world which made Conrad's work so immediately popular. But it is also the book in which its author, through a brilliant adaptation of his stylistic apparatus to his obsessive moral, psychological and political concerns, laid the groundwork for the modern novel as we know it.

amongst the best of Conrad's long fiction; F. Scott Fitzgerald once said, "I'd rather have written Nostromo than any other novel." Conrad set his novel in the mining town of Sulaco, an imaginary port in the western region of the imaginary country Costaguana. In his "Author's Note" to early editions of Nostromo, Joseph Conrad provides a detailed explanation of the inspirational origins of his novel. There he relates how, as a young man of about seventeen, while serving aboard a ship in the Gulf of Mexico, he heard the story of a man who had stolen, single-handedly, "a whole lighter-full of silver". As Conrad goes on to relate, he forgot about the story until some twenty-five years later when he came across a travelogue in a used-book shop in which the author related how he worked for years aboard a schooner whose master claimed to be that very thief who had stolen the silver.

"Ribiera", two characters dominate the narrative: Senor Gould and the eponymous anti-hero, the "incorruptible" Nostromo. Joseph Conrad (born Jozef Teodor Konrad Korzeniowski (3 December 1857 - 3 August 1924) was a Polish novelist who wrote in English, after settling in England. Conrad is regarded as one of the great novelists in English, though he did not speak the language fluently until he was in his twenties . He wrote stories and novels, often with a nautical setting, that depict trials of the human spirit in the midst of an indifferent universe. He was a master prose stylist who brought a distinctly non-English tragic sensibility into English literature.

Set in the sultry, fictional South American country of Costaguana, Joseph Conrad's compelling tale is a story of greed, corruption and power struggles. Navigating his way through civil unrest is the charismatic and trusted figure of Nostromo, a longshoreman revered by many but never accepted as an equal by those in authority. When rebels threaten the capital city, Sulaco, Nostromo is entrusted to spirit away a consignment of silver. But as the plan goes awry and his part in defeating the revolutionaries is unacknowledged, the seemingly incorruptible Nostromo decides to take his own reward - with tragic consequences. Hailed by many authors, including F. Scott Fitzgerald, as a masterpiece, Nostromo is a bewitching and acute study of human nature
