Guide To Greening Cities
2013, Paperback

The Guide to Greening Cities is the first book written from the perspective of municipal leaders with successful, on-the-ground experience working to advance green city goals. Through personal reflections and interviews with leading municipal staff in cities from San Antonio to Minneapolis, the authors share lessons for cities to lead by example in their operations, create programs, implement high-priority initiatives, develop partnerships, measure progress, secure funding, and engage the ...

Green Growth in Cities presents the OECD Green Cities Programme 's main findings and policy recommendations, and provides a preliminary approach to measuring green growth in cities. It offers a definition of urban green growth and a framework for analysing how it might play out in different types of cities. Read more
