The Smartest Investment Book You'll Ever Read is a cheeky book title that definitely grabbed our attention. In essence, the author has renamed Active investing as \"Hyperactive investing\" which sounds pretty bad, and renamed Passive investing as \"Smart investing\". Passive makes it sound like you have no control or influence over the outcome, but Smart makes it feel right.

Written in the same no-nonsense style as his previous bestsellers, The Smartest Money Book You'll Ever Read breaks financial planning and money management into bite-size pieces-with immediately actionable advice. Covering the key tasks in every area of personal finance, Solin shows you how to: • Analyze your money problems and get motivated to solve them • Get out of debt fast, and draw up a budget you can live on-and live with • Blow off useless commission-based advisors and learn to take control of your own financial future • Buy the health/life/disability/auto insurance you need-and only what you need • Invest so that-finally-your money works for you, not someone else Step by simple step, this is advice that you can actually understand and follow. You can avoid debt-addiction and other financial hazards, as well as learn to harness the power of the web to put your money to work. The Smartest Money Book You'll Ever Read is recommended by Mint.com, the world's largest free online financial planning site, for use by its members. However, all of the advice in this book is readily accessible to all readers.

Investment professional Larry E. Swedroe describes the crucial difference between \"active\" and \"passive\" mutual funds, and tells you how you can win the investment game through long-term investments in such indexes as the S&P 500 instead of through the active buying and selling of stocks. A revised and updated edition of an investment classic, The Only Guide to a Winning Investment Strategy You'll Ever Need remains clear, understandable, and effective. This edition contains a new chapter comparing index funds, ETFs, and passive asset class funds, an expanded section on portfolio care and maintenance, the addition of Swedroe's 15 Rules of Prudent Investing, and much more. In clear language, Swedroe shows how the newer index mutual funds out-earn, out-perform, and out-compound the older funds, and how to select a balance \"passive\" portfolio for the long haul that will repay you many times over. This indispensable book also provides you with valuable information about: - The efficiency of markets today - The five factors that determine expected returns of a balanced equity and fixed income portfolio - Important facts about volatility, return, and risk - Six steps to building a diversified portfolio using Modern Portfolio Theory - Implementing the winning strategy - and more.

Bestselling author and financial blogger, Dan Solin, provides real do-it-yourself investors the means to create a dynamic-and safe- portfolio that mimics those constructed for some of the major institutional and trust investors in the country. Readers can maintain complete control over their money-and not sacrifice precious points to an advisor or broker. Using a strategy that minimizes volatility and maximizes returns, Solin makes investing according to the principles of the most sophisticated financial models accessible to individuals in a way that has never been possible before. As readers have come to expect from Solin, implementing this plan is as simple as one, two, three: open an account with a discount broker; determine the appropriate asset allocation using the simple questionnaire in the book or online; input pre-determined ETFs (Exchange Traded Funds) and the allocations for the level of the investor's individual risk profile. This is the only book that provides the information and practical guidance that readers need to achieve the very best results with the minimum risk,on their own.

This book will change the way you think about and invest in your retirement savings plan-forever. Internationally bestselling author and consumer advocate Dan Solin challenges some basic and misguided assumptions about traditional retirement plans to reveal that: ? 401(k) and 403(b) plans are laden with Porky Pig fees, poor investment choices, and conflicts of interest. You may be better off just saying \"No!\" ? There is a simple way to make smart choices in these plans- and this book shows you exactly what to do and which funds to avoid. ? There is one investment that could be the key to a successful retirement plan. You can do it yourself, with pre-tax or after-tax money. Create your own, inflation-proof pension plan that is guaranteed to provide you with monthly income for as long as you live, and beyond! Smart Investing is not complicated. You have the power to make meaningful changes to your retirement savings plan-no matter what your age or financial status. \"If you haven't taken a recent look at what your own retirement investments are doing and-perhaps even more important-how they are put together, reading Solin's smart little book might provide the impetus for action.\" -Miami Herald

If you feel like you've \"missed the boat\" on Bitcoin. Think again... Because while Bitcoin continues to hit all time highs, this book will show you it's not too late to invest in \"Digital Gold\" What was once a fringe currency only used by a dark corner of the web... is now the fastest growing financial asset on Earth. And this is just the beginning... You see, we are still in just the 2nd inning of Bitcoin as a financial entity. So while no financial vehicle is making people rich as quickly as Bitcoin... Less than 10% of Americans and 2% of the worldwide population owns it. But now, the major players are taking an interest. Like Billionaire Hedge Fund owner Paul Tudor Jones Internet pioneer Tim Draper, who was an early investor in companies like Hotmail, Tesla and Robinhood, And CEO of Social Capital, Chamath Palihapitiya, who predicts Bitcoin will be worth \$1 million within the next 15 years. So even if you've been unconvinced thus far, this book will give you the straight facts on Bitcoin as a financial asset... without any of the hype or noise. Here is just a fraction of what you will discover: - The surprisingly small amount of Bitcoin you need to join the top 1% of Bitcoin owners worldwide - Page 15 - How a complete technophobe can buy Bitcoin is less than 5 minutes - Page 65 - 5 Billionaires who believe Bitcoin has a part to play in the world economy - Page 16 - Is Bitcoin a legitimate currency? Answered on page 32 - A simple way to automate your Bitcoin purchases so you can take advantage of dollar cost averaging - Page 66 - The exact percentage of Bitcoin transactions that are used for illegal activities. Anti-Bitcoiners get this wrong all the time - Page 51 - Why you should never use Robinhood to buy Bitcoin - Page 70 - The downside of purchasing Bitcoin funds like GBTC - Page 71 - How much of your portfolio should you dedicate to Bitcoin? Our \"one size fits all\" solution is on page 102 Plus free video tutorials for safely buying and storing Bitcoin on Page 7 This is not a 600 page theoretical book which you need a math degree to understand. Written in plain English and free from repetitive technical jargon. Every single piece of financial and technical terminology is clearly defined inside. You'll find easy-to-follow advice on how to buy and store Bitcoin yourself... without having to pay expensive fees to middlemen. For everyone who feels frustrated after watching Bitcoin soar in price... this is your chance to get in while the going is good. And not feel like you missed the boat... So even if you're never read a single finance or investing book in your life, you will immediately understand how to become a successful long-term investor.
