is a memoir that I read with pleasure, the pleasure caused by everything that is well crafted. The longest sentence in this book has 352 words (yes, I counted them), and it almost sounds like music, like a song you don't want to end. Not all of Paul Auster's works have this virtue, but this one does.

Winter Journal by Paul Auster -  
Goodreads

You are swept along by Auster's candid and well-written memoir. Winter Journal begins with events that sear your memory: the wounds that scar your body--each has its story. You are six years old...ten...twelve and even in your sixties you recall with stark clarity each bloody incident.

In his quietly transfixing new memoir, *Winter Journal*, Paul Auster meditates on what it means for his mind, body, and creativity to experience the unforgiving passage of time. This should be--and is--an intensely personal chronicle, but Auster makes the journey equally ours by inviting us into its unfolding.
